LIFE CRUSHED OUT.

Switchman Bogardus Killed in O. and W. Yard.

FELL WHILE UNCOUPLING CARS

Train, When It Started Up, Ran Over Him Many Bones Broken—Unfortunate Man Was Dead When Found.

George E Bogardus, a switchman attached to O and W Yardmaster Doran's crew, was run over and instantly killed, at 2 o'clock this morning, in the yard in this city.

The accident was the result of a fall between cars during the heavy rain just before 2 o'clock. Engineer Herman had started up after Bogardus had stepped in between the cars to cut off one between Cottage and Montgomery street. When the brakeman did not reappear after the train started, yardmaster Doran gave the signal to stop. He hurried to the scene and found that one car had passed over the unfortunate switchman and that he was dead. The man's neck, legs, arms and ribs were broken and death must have been almost instantaneous

The remains were removed to Undertaker Rockafellow's undertaking rooms and Coroner Decker was notified. He summoned a jury, which viewed the remains and took an adjournment until to-morrow afternoon at 4 30, at Justice Payne's office

Bogardus came to this city from Fishkill, about nine years ago. He was a son of the late Martin and Mary Russell Bogardus, and was born in the vicinity of Fishkill. He married Ann Elizabeth Johnson, Sept. 7th, 1885, who survives him, childless, at their home at the corner of Prospect avenue and Charles street. He was forty years of age. He enjoyed membership in the Brotherhood of Railway Trainmen and was an attendant on the First Baptist Church

A QUILTING BEE.

An Old Lady Entertains Old Friends in "The Olden Style."

Mrs Van Wagner, an aged lady of Wappingers Falls, last week give a quilting bee to her friends She was attired in a Quaker garb, her son Roy wearing the costume of his great great-grandfather, worn by him 128 years ago At the supper table rare antiques were used. The plate, tea cup and saucer sauce dish, teaspoon and tumbler and salt dish used by the guest of honor, Mrs M E Buckley, were from 118 to 200 years old The chair she occupied was 200 years old. They had not been used in 50 years or more. The iron candle stick with the tallow dip was 118 years old. The table had three old fashioned candelabra with seven candles, besides a pair of old brass candlesticks with lights. In the centre of the table was a large deep pewter platter with spawn and milk arranged for bee to eat from.

The viands were in keeping with the general arrangements, the lists including chicken, pork and beans, old fashioned sauce and preserves and old fashioned candy, comprising horehound, peppermint, and wintergreen in sticks Goose quills were used for toothpicks.

AT THRALL HOSPITAL.

Victims of Recent Accidents Cared for—Operated on for Appendicitis.

The Italian, Veraldi, who was pinched between the cars at Winterton, a few days ago, was removed to Thrall Hospital Wednesday, suffering from pneumonia

Samuel Sandford, an employe of the National Saw Company, was struck over the left eye by a bursting pulley, Wednesday and received a severe cut He was taken to Thrall Hospital, and Dr. E. M. Schultz attended him.

W B Decker was operated upon at Thrall Hospital, for appendicitis Wednesday afternoon, by Drs Connor, Purdy, Smith and Rothrock.

PROVED ITS USEFULNESS.

Undertaker Rockafellow's Water Proof Tent Saved a Funeral Party from a Drenching.

Undertaker Rockafellow's water proof tent saved from a drenching those who were at the burial of little Hazel Tuthill in Hillside Cemetery, Wednesday afternoon.

Mr Rockafellow, thinking tent rain was almost certain during the afternoon, had the tent erected during the morning hours and it was well that he did so for the shower came up while the funeral party was in the cemetery and had it not been for the shelter which the tent afforded they could not have escaped a drenching.

CONDUCTORS' CLAMBAKE.

Last Year's Committee of Arrangements Again in Charge.

Millard Hyvision, O. R. C., has appointed the following committee on the annual clambake: A E. Ludington, J F. Gibbons, George F Close, Scott Cook, P. R. Knoll, W. Faulkner and W T Davis. This committee gave such excellent satisfaction last year that it was reappointed. The date of the bake, which will be in August, has not yet been determined upon.

Drowned While Fishing.

Six year old Willie Stone, of Woodbury Falls, this county went fishing, Tuesday, and fell into the stream and was drowned. Coroner Perrott was summoned but decided that no inquest was necessary. The boy was the son of Rev. William Stone.

Erie's Special Rates to Chautauqua.

July 7th, the Erie will sell special excursion tickets from Middletown to Chautauqua, N Y., and return, at the rate of $10 for the round trip. Tickets good returning leaving Chautauqua not later than August 5th. Tickets read through to Chautauqua via Jamestown or Lakewood and Chautauqua steamboat line, and must be deposited at the joint office of the Chautauqua Assembly immediately upon the arrival of the holder at Chautauqua Grounds. They will then be good for return when signed and stamped by the agent of the Assembly. 91dt5

HOME FROM THE WEST.

W. B. Royce's Trip to Denver—Former Middletowners Whom He Met.

W. B. Royce returned to this city, Wednesday, after a business trip in the west, which took him to Denver, Chicago and Cleveland. He was sent to Denver by the Bankers' Association of New York to testify as to the signature of the late Charles A Douglas. A man by the name of Henry, whose home is in Illinois, is under arrest in Denver under the name of Collins, charged with having forged the name of the late cashier of the First National Bank of this city to a check for $750, four years after his death. The check was cashed by the First National Bank of Denver. The man was indicted for simple forgery, but on Mr. Royce's testimony that Mr. Douglas was dead before the check was forged, the offense became more serious under the laws of Colorado, and the prisoner was remanded until a "new information" or, as we call it, indictment can be found against him.

Mr. Royce does not believe that Collins, or Henry, will be tried in Denver, as he is wanted for more important forgeries in other States, and he will probably be extradited.

Mr. Royce, while at Chicago, called on his clients, the Featherstone's Sons, who are now in bankruptcy, and was empowered by them to settle with the Orange County Brewing Company for the ice machine in use at the brewery Owing to the financial situation of the Featherstones an order to enter into a settlement was necessary from the United States Court, and Mr. Royce received the paper to-day.

While at Cleveland Mr. Royce cleared up a real estate deal for a gentleman in this city, which had not been satisfactorily concluded on the occasion of a previous visit to Cleveland

While at Denver Mr Royce met State Senator Schemerhorn who was a Sullivan county boy, and whom Mr Royce had not seen since they were boys together in 1858

William L. Graham, president of the Western National Bank of Pueblo ran up to see Mr Royce at Denver He was cashier of the First National Bank of this city when Mr. Royce was made its president and prior to Mr Douglas's term

Mr Royce also saw in Denver David Sayer, Will Downs and Ed Webster. He also met Mr Winter, formerly of Otisville, who is auditor of the Colorado Coal and Iron Company Gilbert Pierson, formerly with J. J. Silk, is also employed with the iron company

A SCHOOL MEETING ROW.

Ended in a Suit for Slander in the Sullivan County Court.

In the Sullivan county court at Monticello Tuesday, the suit of Bessie Flynn against Jerome Shedley to recover $500 damages for slander, was tried Parties are residents of the same school district in the town of Rockland and, at a school meeting at which differences arose, it was alleged that defendant imputed unchastity to plaintiff in a remark addressed to her brother The defense was that Flynn had said disagreeable things about Shedley's wife and that he had merely retorted in effect that if his wife was a bad woman plaintiff's sister was another

The evidence was very conflicting and the jury after being out six hours rendered a verdict of "no cause of action"

ARP COMING TO MIDDLETOWN

Port Jervis Hose Company Accepts Monhagens Invitation for Parade Day.

From the Port Jervis Gazette

At a special meeting of Port Jervis Hose Company, No 1, held in their rooms, Tuesday evening, the invitation tendered them, last week by Monhagen Hose Company, of Middletown, N Y., to be their guests at the firemen's annual parade in Middletown, October 12, 1899, was accepted.

BASE BALL NOTES.

Two Games With the Long Island Athletics, July 4th.

—Manager Kane has arranged for two games of base ball at the Pleasure Grounds, July 4, at 10 a.m and 3 p m., between the Middletown team and the Long Island Athletic Club.

—Port Jervis defeated the Honesdales, Wednesday, by the score of 6–1.

—The game between the Honesdales and the Middletown team, to-morrow, will be called at 2 o'clock, sharp. This is made necessary in order that the Honesdales can return on the Mountain Express. Tierney, of Goshen, will pitch for the home team and Gibson will catch Stewart, Adelmen and Georgal will strengthen the team as well. The management is under considerable expense, to-morrow, and it is hoped that the game will be well attended.

Law Partnership Dissolved.

The law partnership between William F. O'Neill and Thomas C. Rogers has been dissolved by mutual consent. Mr. O'Neill will continue to occupy the office in the Trust Company building, and Mr Rogers will occupy rooms 7 and 8 in Low Building.

TORRENTS OF RAIN.

Drouth Again Broken and That Most Effectually.

SERIES OF VERY HEAVY SHOWERS.

Floods of Water in the City's Streets—Hilly Streets Washed and Others Undermined—Cellars Flooded in Many Parts of Town.

The drouth was broken again, Wednesday afternoon, and the breaking was a great deal more effectual than that of Saturday last

The clouds which had hung in heavy masses all day got together for real business about 4 30 o'clock, when a heavy cloud rolled up from the southwest. It was literally surcharged with rain, which came down in sheets for about half an hour Then there was a let up for a few minutes and then another cloud had rolled up and it unloaded its quota of rain. Then the clouds lifted for a time, but another storm cloud drifted over from the west and out of it the rain poured in torrents.

Gutters and sewers could not begin to carry off the flood It poured down the hilly streets, washing them badly and formed lakes in all low places in the streets

The Draper brook overflowed its banks at Grant street and cellars on that street, Houston avenue, Little avenue and Spring street were flooded.

The sewers were choked in many parts of the town and many cellars were flooded A new crop of suits against the city will probably be one of the outcomes of the storm.

On South street, the earth over the water main, which was laid so long ago that every one supposed it was packed perfectly solid caved in, making the street impassable between Washington and Fulton streets.

The excavation for the water main on West Main street was in just the shape to have the flood make a lot of trouble and so much earth fell into the trench that the cost of shoveling it out will be a good many dollars and, worst of all, so much of the street's surface has been disturbed that it is not going to be an easy task to get solid foundation for the new brick pavement

So much sand and gravel was washed on the trolley track at the Sprague avenue bridge that a car bound for Goshen was derailed there and travel was blocked for over an hour before the car could be got back on the tracks.

About 10 o'clock at night rain began to fall again and about 11 o'clock a very heavy shower came up, which was accompanied by very vivid lightning and very loud thunder. One flash of unusual intensity was followed almost instantly by a crashing thunder clap, and many who heard it thought the bolt had struck somewhere in town The bolt was directly on Hillside Cemetery and a ball of fire exploded after the thunder clap, and sheets of flame darted in several directions The main part of the bolt struck the house on Grand View avenue, owned by and in the rear of the home of J. Charles Schwartz It followed the roof line to the chimney and went down to the cellar, tearing a hole in a cistern and letting all of the water out of it.

The residents in the house were Mrs. Lilla Sarne, who lives up stairs and Charles Fuller, a State Hospital attendant, who lives down stairs. None of the occupants of the house were shocked by electricity. The house is insured with L E Conkling

The heavy rain was of incalculable help to the farmers of Orange county, and farmers are wearing brighter faces, to day, than they have worn in weeks.

A TRANSCONTINENTAL TRIP.

The Pleasant Journey on Which Mr. and Mrs. S. W. Robertson Will Start To-morrow.

S W Robertson, assistant cashier of the First National Bank, and his wife will start to-morrow on a transcontinental trip, which affords every promise of being full of interest, enjoyment and profit. They will go from here to New York, where they will be joined by their nephew and niece, Mr. and Mrs. A. Wycoff, of Newark They will take the West Shore to Buffalo, and from there will go to Chicago by the Wabash, to Colorado Springs by the Atchison, and to Salt Lake City by the Denver and Rio Grande. Returning to Pueblo, they will again take the Atchison to Los Angeles, Cal. They will go as far south as San Diego and will then go to San Francisco, Portland, Tacoma and Spokane Falls and, returning by the way of the Northern Pacific, will visit the Yellowstone Park.

They expect to be absent about a month.

Elected an O. and W. Director.

Grant B. Schley, the surviving partner of Moore & Schley, has been elected a director of the Ontario and Western, in place of the late John G. Moore, the senior member of the firm, who died, last week, and who was for many years in the directorate of the O. and W.

HYMENEAL.

Pierson—Wood.

Samuel V. Pierson, formerly of Unionville and Miss Eleanor Burling Wood were married at the home of the bride, 629 Prospect place, Brooklyn, Saturday June 24. The wedding was a quiet affair, about thirty relatives being present. Mrs. Grinnell Burt, a sister of the groom, and sons, of Warwick, were among the guests present.

Starrett—Moog.

Howard S. Starrett, lessee of the refreshment and other privileges at Midway Park, and Miss Adalaide, daughter of Sergeant Moog, were married in the armory of the Third Battery, in Brooklyn, Wednesday night, by the Rev. Dr. Henderson.

Miss Lockitt was bridesmaid and Counsellor Patterson was best man. The flower girl was Miss Lizzie Wallace, daughter of the well known actress, and the ushers were Lieuts. Ives and Lang, of the battery.

After the ceremony a dinner was served The couple received a large number of presents, including a horse and carriage from the bride's father, a diamond brooch from Capt. Rasquin and $100 in gold from the members of the battery, of which Mr. Starrett is commissary sergeant.

Mr. and Mrs. Starrett came to Goshen on Erie No. 9, to-day, and went to Midway Park by trolley.

Mr. and Mrs. Starrett have made many friends since their connection with Midway Park, who will wish them happiness.

VERY SUDDEN DEATH.

Postmaster I. E. Drake, of Johnson, Falls Dead in His store.

From Our Johnson Correspondent.

Isaac R. Drake, one of the oldest and most respected merchants of this place, died Wednesday afternoon, of apoplexy, aged sixty-one years, eight months and twenty-six days.

The funeral, which will be private, will be held at his late home, Saturday at 1 p. m. Those of the friends wishing to view the remains will be given an opportunity to do so from 10 to 11 a. m., Saturday.

The deceased was postmaster at Johnson. He had been in conference with the town assessors about 3 o'clock and had just left when he suddenly fell to the floor and expired. Dr. Evans came into the store at almost the same instant, but Mr Drake was dead when he reached his side. He had been complaining for about a fortnight.

The deceased is survived by three children, Nettie and Louise, at home, and William, who is agent for the Susquehanna and Western at Westtown.

TAKEN TO AUBURN PRISON.

Mrs. McNally's Tearful Parting With Addie Barrow.

Addie Barrow was taken, to-day, to the woman's prison at Auburn, where she will serve her sentence of twelve years and ten months for kidnapping Marion Clark.

Mrs. McNally, of Goshen, visited the Tombs, Wednesday, and had her final interview with her adopted daughter. She returned home on an evening train, saying that she did not wish to be present when Mrs Barrow was taken from the Tombs, since she thought the parting would be too hard and she had already done everything possible for the unfortunate woman.

Wednesday night's *Evening Journal* contained an excellent likeness of Mrs. J. J. McNally and her home at Goshen and a two column confession from Mrs. Barrow, secured by a woman reporter for the *Journal*. The confession was very different from Barrow's, but is probably correct.

IS IT YELLOW FEVER?

Suspected Case at Quarantine in New York Harbor.

PATIENT AT SWINBURNE ISLAND.

Ship Is Detained for Disinfection—Had Been Five Days at Havana—Was at Matanzas When Disease Developed.

BY ASSOCIATED PRESS.

NEW YORK, June 29.—The Norwegian ship Krim arrived, to-day, from Mantanzas, and was detained at Quarantine for disinfection.

She lay at Havana five days before going to Matanzas. At the latter port John Johnson, the mate, became very sick, developing a high temperature. The port physician was called in, but no suspicious symptoms appeared. However, he continued to be sick and on his arrival at Quarantine here Health Officer Doty began a thorough examination of the case, which appears to be yellow fever.

Johnson was removed to Swinburne Island Hospital.

OFFICIAL CITY PAPER.

THURSDAY, JUNE 29, 1899.

Middletown people view the possibility of the bubonic plague invading San Francisco with a great deal more complacency than they would have done, last July, when the 24th Company was in camp at the Presidio.

The chief of the Weather Bureau makes the comforting announcement that statistics carefully compiled under his direction show that the number of deaths by lightning does not exceed five to the million annually. That's all right when there is no lightning in the air, but when lightning is flashing and thunder crashing those who are afraid will continue to be afraid in spite of the statistics that prove that the chance of being killed is only one in 200,000.

The sales agents of the anthracite coal companies announced, Wednesday, that tidewater prices would be advanced twenty-five cents a ton on July 1. The advance makes the price on stove and chestnut $3.75, with other prices in proportion. A further advance of twenty-five cents is proposed for September, or October at the latest. The coal companies are now keeping faith with each other in the matter of prices and if sales agents shade prices that do so on the "dead quiet."

The arrival at San Francisco of a Japanese steamer with cases of bubonic plague on board causes real alarm to the health authorities, for so little is known concerning the mysterious malady that they know no other means of preventing the possibility of the spread of the disease than by isolating those who have been exposed to infection. The plague is, however, so distinctively a filth disease, born and nurtured in the unsanitary conditions that prevail in many eastern cities, that it is not likely to cause much mortality even if it should gain a foothold in this country.

By an act passed, last winter, towns bonded in aid of railroad construction, which failed to take advantage of the law setting aside as a sinking fund taxes on the railroads for the construction of which bonds were issued, may prove their claims against the State, regardless of the statute of limitations. This act will benefit the towns of Deerpark, Forestburgh and Thompson, and possibly some other towns in this section, which were not aware of their rights under the original law for the relief of bonded towns. The town of Wallkill, of which Middletown was a part, took advantage of the law as soon as it was enacted.

The Regents, in order to head off the Republican machine's scheme to grab all the patronage of the State's educational system by vesting it in the Department of Public Instruction, have adopted a resolution asking the Governor to appoint an honorary commission, representing the various educational interests of the State, to assist the Statutory Revision Commission in preparing a bill for unifying the State's educational system. This may stave off the fight for a time, but the Republican machine's hunger for patronage will remain, and no measure will be accepted by the organization which does not help it to more patronage. Unless the machine can get the places now in the gift of the Regents it has no interest in educational unification.

"To Throw Good Money After Bad

will but increase my pain." If you have thrown away money for medicines that did not and could not cure, why should you not now begin taking Hood's Sarsaparilla, the medicine that never disappoints? Thousands of people who were in your condition and took Hood's Sarsaparilla say it was the best investment they ever made, for it brought them health.

HOOD'S PILLS cure sick headache, indigestion.

Drink Grain-O

after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grades of coffee and costs about ¼ as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

THE MILK PRODUCERS'.

Resolutions Adopted at a Meeting of the Five States' Association in Binghamton.

Several hundred delegates from local sections attended the meeting of the Five Soates' Milk Producers' Association in Binghamton, Tuesday. Encouraging reports were made by the officers and the following resolutions, presented by th committee on resolutions, were unanimously adopted:

Resolved, That in the judgment of the several hundred milk producers present at the June meeting in Binghamton, it would be very unwise for producers to abate their confidence or zeal, in the least, but hold steadfast and in every way possible support and sustain our central officers and the sales committee in the efforts they are making to obtain justice for the producer, for it is only through organization that anything can be obtained, and from every point of view our present organization is making sure and safe progress.

Resolved, That we seek no unnecessary controversies and deprecate all conflicts and strife that can be avoided. We ask only a living price for our produce, and if the milk is ever withheld from the market it will only be because the dealers refuse to receive it at a fair price.

Resolved, That we pledge our organization so far as possible to support the enforcement of the pure food laws now existing and will seek the passage of such other legislation as will further protect the consumer from the adulteration of milk, butter and other food products.

THE O. AND W.'S FINANCES.

Small Dividend Likely to Be Paid and Present Stock Retired.

An important meeting of the New York, Ontario and Western directors was held in New York, Wednesday afternoon, at which, it is understood, a discussion occurred over a plan submitted by a syndicate of bankers for the re-adjustment of the company's finances.

It is reliably stated that the company has earned nine-tenths of 1 per cent. on its stock during nine months of the present fiscal year, and that the company can pay 1 per cent. in September and still have a small cash surplus remaining. The bankers' syndicate, of which Kuhn, Loeb & Co. is the principal, have proposed to retire the present stock, issuing in exchange a certain amount of 4 per cent. preferred and a common stock which will carry a voting power. As a preliminary it will be necessary to pay 1 per cent. in a dividend, in order to release the property from the voting trust which now controls it.

No statement was made at the conclusion of the meeting concerning this proposition, which may not be announced for several days.

AGUINALDO IS ALIVE

He Asks For Information Regarding Manila Affairs.

A TYPHOON DELAYS BUSINESS.

Increasing Activity Among Insurgents Reported at San Fernando. Rebels Quiet In the South. Re-enforcements For Otis.

MANILA, June 29.—One of the most prominent Filipinos living in Manila yesterday received verbal instructions directly from Aguinaldo, who is at Tarlace, instructing him to make the most complete report possible of the situation in Manila, both political and military. This is capable of a double interpretation. Possibly Aguinaldo desires to know what the chances are in the event of his surrender, or it is possible that he wants to obtain information as to what places are bringing produce into the country. The blockading gunboats recognize clearances, but the fact that the opening of ports would enable the insurgents to collect duties has delayed the issuance of an order to this effect, and the consequence is that there is great hardship at several ports because of lack of food, and business is stagnated. This has influenced General Otis, who considers the situation sufficiently favorable to permit the opening of ports.

The rebels are seeking from Filipino sources information concerning the strength and state of health of the American troops and the intention of the Americans to operate during the rainy season.

The Filipino mentioned in the foregoing, who has been steadfastly friendly to the Americans, has been requested to join Aguinaldo, but he has frequently refused to do so. This order for information, however, settles the question of Aguinaldo's reported assassination.

A severe typhoon delays the vessels in opening ports to advantage, and the order of General Otis simply permits the landing of food at various places.

The rebels remain comparatively quiet in the south. An insurgent scouting party yesterday met a patrol of the Wyoming regiment and fled into the arms of a battalion of the Fourth infantry. Two of the rebels were killed.

There is increasing activity at San Fernando, where the rebels apparently want to fight. It is reported that General Pio del Pilar, with 2,000 insurgents, has joined the main body there.

MORE MEN FOR OTIS.

Ten Thousand Recruits to Be Added to Army in Philippines.

WASHINGTON, June 29.—Secretary Alger and Adjutant General Corbin had a long conference at the White House yesterday with President McKinley, and at its conclusion the announcement was made that the army in the Philippines would be increased to 40,000 men, or as many more as might be deemed necessary, through the enlistment of volunteers under the authority contained in the army reorganization act. Forty thousand is the minimum figure.

General Otis has now under his command or assigned to him 30,000 regular soldiers. The additional 10,000 will be obtained from among the state troops and regulars in the Philippines whose terms of service have expired and by recruiting in the United States. As far as possible the officers of the new regiments will be chosen from men who are now serving in the Philippines.

There will be no call for volunteers. The men will be obtained through the regular army recruiting system.

London Filipinos Seek Peace.

LONDON, June 29.—Marti, the representative of Aguinaldo, who was recently in Europe and later went to Hongkong on his way to Manila, has returned to London, where the members of the Filipino junta are endeavoring to obtain an interview with Senator Hoar and other Americans with the object of securing concessions to Aguinaldo and promoting peace. There will shortly depart from Madrid a prominent man of Manila, who is going to Washington with a similar object as the representative of the Manila autonomist peace committee.

Roosevelt in Milwaukee.

MILWAUKEE, June 29.—Governor Roosevelt was escorted to the Milwaukee chamber of commerce yesterday just before the hour of closing and given a most enthusiastic reception.

"He won with our boys in blue, and he will be our president too." Thus ran one of the banner inscriptions displayed in Milwaukee's flower parade, of which Governor Theodore Roosevelt was the center of attraction. But this apparently did not interest the governor half as much as did that other displayed everywhere and on every lip, "Our Teddy." The governor's part in the flower parade was to lead it in the undecorated carriage of Captain Fred Pabst, accompanied by President Hackett, Governor Schofield and Lieutenant Ferguson.

Indians Sue For Property.

NEW YORK, June 29.—The appellate division of the supreme court has authorized the Montauk Indians to bring to trial their suit for $1,000,000 worth of property at Montauk point. This land, including 4,200 acres of pasture and about 1,500 acres of Fort Pond bay, the Indians claim was seized by the railroad. The Indians, led by King Wyandank Pharaoh, have been suing since 1897. Owing, however, to the peculiarities of their tribal organization they have found it difficult to proceed in legal form. Camp Wikoff was situated last summer on the property claimed by the Indians.

Puddlers Get More Pay.

LEBANON, Pa., June 29.—An increase in wages of 25 cents per ton has been announced at the Pennsylvania Bolt and Nut company's works to the employees of the puddling department, to go into effect July 10. This is the fifth advance this year and will make the rate $3.75 per ton. The employees of the rolling department will receive the same percentage of increase. Other mills here announce a similar increase in wages.

The Second Dreyfus Court.

RENNES, France, June 29.—The official list of the composition of the Dreyfus court martial, which is to assemble in the army service building for the retrial of the prisoner, is as follows: President, Colonel Jouaust; Major Brongniart, Major de Breon, Major Profilet, Major Merle, Captain Parfait and Captain Benuvais, all of the artillery. All the members of the court martial have passed through the polytechnic school.

Millions Given Away.

SYRACUSE, June 29.—G. Percival Stewart of New York, president of the American Investors' company, has surrendered to the authorities under four indictments found against him by the last grand jury charging him with grand larceny. He was admitted to $2,000 bail.

Noted Show Horse Dead.

COHASSET, Mass., June 29.—Thomas W. Lawson's show horse Trinity has died from pneumonia at Mr. Lawson's summer place here after ten days' sickness. Trinity, singly and with his mate Chimes, had taken 62 blue ribbons in this country and Europe.

The Shamrock Aground.

SOUTHAMPTON, June 29.—The new racing cutter Shamrock, which left Millwall docks Tuesday afternoon in tow, arrived here at 4:30 o'clock yesterday. At low tide late in the evening she was apparently aground, with a list to port of 15 degrees.

The Dewey Home Fund.

WASHINGTON, June 29.—The Dewey home fund contributions yesterday were $352. Most of this amount came from the Brooklyn Eagle. The total fund to date is $11,366.

The leading railroads centering in New York almost entirely use Chilton Paint. Chemists acknowledge its superiority and the practical painter appreciates that theory and practice in this case do not disagree.

These great corporations want the most durable article because they cannot afford to often stop their cars for the purposes of repainting.

Some railroads go even so far as to specify when having cars built that Chilton Paint, and only Chilton Paint, shall be used upon them, and bridge engineers often specify that bridges shall be painted only with Chilton Paint. If these great corporations, who make a study of economical methods and materials, use Chilton Paint, can you afford not to profit by their experience?

If your dealer will not furnish it, write direct to the CHILTON MANUFACTURING CO., 69 Cortlandt street, New York city, for color cards and prices

NEW YORK'S EXPORTS.

Commission Meets to Inquire Into the Decline of Grain Shipments.

NEW YORK, June 29.—The New York sate commerce commission appointed to inquire into the decline of the export trade at this port met yesterday. Charles A. Schieren presided. Yale Kneeland, a grain merchant doing business in this city, stated that in 1894 he thought that there was a falling off in grain exports from this port, the grain going to Boston and other places. He thought the decrease was due to want of facilities at this port as well as to other considerations.

Henry B. Herbert, a grain broker in the Produce Exchange, said he had been in the grain brokerage business for more than 40 years and is at present chairman of the canals committee of the Exchange and was also of the committee of the Exchange that advocated the abolishment of differentials before the interstate commerce commission. In connection with this particular matter he said that the Philadelphia and Baltimore merchants favored the railroads against New York. He spoke of the advantages which Boston shippers obtained in the way of favors in insurance and storage, constituting a differential against New York.

Mr. Herbert asserted that some of the railroads make confidential rates with Boston brokers, and which eliminate the terminal charges. In the general volume of business, as far as the grain trade is concerned, the witness testified that in his opinion New York has declined rather than advanced in recent years. An adjournment was taken to July 7. The commission decided to hold a series of public hearings in Buffalo beginning July 26.

GAYNOR INTERVIEWED.

He Declines to Discuss the Reports of a Former Marriage.

LONDON, June 29.—Colonel John F. Gaynor, treasurer of the Democratic state committee of New York, who is at the Hotel Cecil here, was questioned last evening regarding the statement published in a New York paper that a record of his marriage to Carrie B. Gifford had apparently been found on the books of the Church of the Transfiguration, New York city, as having occurred in 1890, while the colonel, it was added, recently married Miss Annie Pitney in Washington previous to leaving America for England. He said

"I have come here for a little rest and holiday from the excitement of politics. I do not know anything of the reports published in the New York papers, though reporters follow me like detectives. Therefore I decline to discuss these stories and leave all this to deal with when I return to New York. I simply warn the general public to treat the statements with the greatest reserve. As for my immediate political and personal friends, they know too well my record of honor and common sense, and they have no need of denials in the discussion of private matters. I decline to waste time in discussing inventions."

THE CONVENTION ENDED.

Kentucky Democrats Complete Their State Ticket.

LOUISVILLE, June 29.—The Democratic state convention adjourned last night after nominating the following ticket: Governor, William Goebel of Kenton county; lieutenant governor, J. C. W. Beckham of Nelson county; secretary of state, Breck Hill of Clay county; attorney general, Judge R. G. Breckinridge of Boyle county; auditor, Gus Coulter of Graves county; treasurer, Judge S. W. Haeger of Boyd county; commissioner of agriculture, I. B. Hall of Louisville; commissioner of public instruction, H. V. McChesney of Livingston county.

William Goebel dominated yesterday's proceedings as he has those of every day since the convention began. Coming here with less than one-fourth of the delegates instructed for him and with the smallest number of such delegates accredited to any of the three candidates for governor, he leaves the convention holding the nomination for head of the ticket, with the party organization under his control and a ticket made up of his partisans. But this has been accomplished only after a severe ordeal and strife.

A Plague Ship From Japan.

SAN FRANCISCO, June 29.—The steamer Nippon Maru has arrived from Honckong, via Yokohama and Honolulu. The vessel was detained at Honolulu for several days on account of the two deaths which occurred on the voyage from the bubonic plague. The bodies of two Japanese sailors of the plague ship were found in the bay yesterday and towed to a point offshore by fishermen, who were afraid to touch the bodies more than was necessary to attach a rope to them for towing purposes. The coroner was notified, and the bodies were taken to the morgue, where every precaution is being taken to prevent any spread of the disease should the men have carried any germs with them into the bay.

No More Bait For the French.

ST JOHN'S, N. F., June 29.—In consequence of the French attitude and the attempts to make trouble for the colony along the treaty shore the colonial government has decided to absolutely prohibit the French from obtaining bait at ports along the Newfoundland coast. This policy meets with general approval. Yesterday the colonial legislature voted additional sums to help enforce the bait laws.

Yellow Fever at Santiago.

SANTIAGO, Cuba, June 29.—Fourteen new cases of yellow fever have been officially reported during the last two days. This raises the total number of cases to 50, of which 12 have proved fatal. Major Carr, the surgeon in charge, reports that there are no further cases under suspicion, and the general health of the troops is good.

GERM DISEASE CURE.

New Mode of Treatment For Diphtheria and Fevers.

WILL POSSIBLY SUPERSEDE SERUM.

Is Based Upon the Presence of a Class of Ferments Known as Enzymes Produced by Disease Bacteria.

WASHINGTON, June 29.—Dr. Oscar Loew, one of the expert vegetable pathologists of the agricultural department, has developed to what he believes is a point of practical use a new treatment for germ diseases which promises to supersede the serum treatment now in use in diphtheria, fevers and many other diseases. Dr. Loew's work has been carried on for several years in collaboration with Dr. R. Emmerich. The experiments have been conducted in the laboratories of Munich and this country. The results never have been published in full, but have been such as to warrant introducing the treatment into actual hospital practice.

The treatment is similar in some respects to the serum treatment, but depends on a different principle, the basic idea being the presence of a class of ferments known as enzymes, which are produced by the same bacteria that produce the disease. It is because of the production, or rather overproduction, of a certain enzyme that a disease such as typhoid will "run its course" and then die out of the system. The bacteria in this case, it is stated, are simply killed out by the ferment they produce.

The object of the new treatment is to produce a pure enzyme which, introduced into the human system, will kill the disease germs without injuring the patient. This differs from the principle of inoculation for smallpox and other diseases, where the object is to give the patient a mild type of the disease to render him immune to the more virulent type.

Dr. Loew and his colleague, Dr. Emmerich, have studied and cultivated the enzymes of various diseases and, it is claimed, have found that the enzymes of certain bacteria will kill not only their parent germs, but also the germs of cholera, typhoid fever, antharax, diphtheria, black plague, staphilococci and probably gonococci. An enzyme that will be fatal to tuberculosis is being sought, though the bacillus of tuberculosis seems to be incapable of producing an enzyme that is fatal to itself.

This is also true of the black plague, and for this reason the serum of black plague was applied without success in the cases recently developed in one of the laboratories in Vienna.

The enzyme are very unstable products and for this reason quickly deteriorate, but Dr. Loew believes he has found a method of preserving them in shape for use. The further development of this form of treatment is awaited with interest by scientists.

Another Good Showing by Columbia.

NEW LONDON, Conn., June 29.—In a beat to windward the new yacht Columbia beat the Defender eight minutes in a run of only 38 miles, besides giving the old champion a two minutes' handicap. Yachtsmen from New York and hereabout are jubilant. The race was from Brenton's reef lightship off Newport to New London, a good 38 miles. Thirty-two miles of the stretch was a beat to windward, with such a stiff breeze blowing that neither yacht cared to carry a working topsail, and it was in this kind of work that Columbia gained such a long lead, averaging more than a quarter of a minute faster each mile than the Defender.

Miss Johnson Dies In London.

LONDON, June 29.—Miss Ellen C. Johnson, superintendent of the Massachusetts Women's reformatory, died suddenly yesterday morning at the London residence of the bishop of Rochester, the Right Rev. Edward Stuart Talbot, D. D., where she was a guest. It is believed she expired from heart failure resulting from excitement in reading a paper at Tuesday's meeting of the international council of women. She was attended by Mrs. Dr. Barrows of Boston.

Kruger Demands Arbitration.

LONDON, June 29.—The Johannesburg correspondent of The Standard says: "President Kruger, it is understood here, persists in his demand for arbitration as an essential condition in any settlement. In the meantime the Transvaal continues buying provisions and war material, and it has arranged with the Netherlands Railway company to have absolute control of the railway lines in the Orange Free State in the event of war."

A CARD FROM

DAVID KENNEDY, M. D.

In view of a recent order obtained from the Post Office Department at Washington, by the Dr. David Kennedy Corporation, of Rondout, N. Y., pertaining to the delivery of my personal mail, it becomes necessary for me to make the following statement to the public:

First: I am not connected in any way with the management of the Dr. David Kennedy Corporation of Rondout, N. Y., the manufacturers of "Dr. David Kennedy's Favorite Remedy," and certain other preparations, and I have not been since January, 1898, at which time I was deposed from all management in the above company.

Second: I am now practicing my profession in my own building known as the "Kennedy Row," Kingston, N. Y.

Third: Therefore, in order that my many friends and patients may avoid all danger of their personal communications going to the Dr. David Kennedy Corporation, under the above Post Office order, and being opened before returned to me, they will please be careful to address me precisely as follows: David Kennedy, M. D., Kennedy Row, Kingston, N. Y. "Kennedy Row" MUST BE INSERTED in order that all letters may be promptly delivered to me, thus insuring a prompt reply.

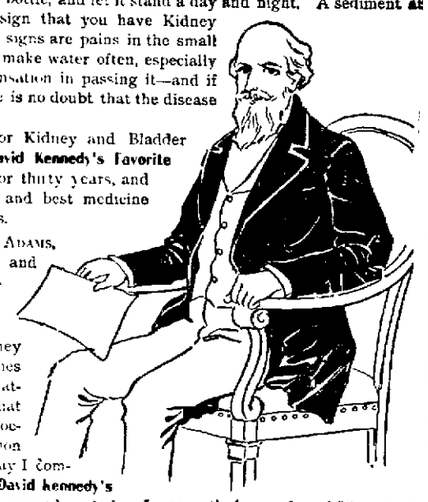
How to Prolong Life

No man or woman can hope to live long if the Kidneys, Bladder, or Urinary Organs are diseased. Disorders of that kind should never be neglected. Don't delay in finding out your condition. You can tell as well as a physician. Put some urine in a glass or bottle, and let it stand a day and night. A sediment at the bottom is a sure sign that you have Kidney Disease. Other certain signs are pains in the small of the back, a desire to make water often, especially at night, a scalding sensation in passing it—and if these signs linger there is no doubt that the disease is present.



There is a cure for Kidney and Bladder Diseases. It is **Dr. David Kennedy's Favorite Remedy.** It has been for thirty years, and is today, the greatest and best medicine known for these troubles.

Mr. WILLIAM W. ADAMS, cor. Jefferson Avenue and Clifton Street, Rochester, N. Y., says.—

"Three years ago I was taken with Kidney Disease very badly, at times I was completely prostrated. In fact, was so bad that a day was set for the doctors to perform an operation upon me. Upon that day I commenced the use of **Dr. David Kennedy's Favorite Remedy**, and it was not long before I was entirely cured, and I have had no return of the trouble since. My weight has increased, and I never was so well as I am now. **Dr. David Kennedy's Favorite Remedy** saved my life."

Favorite Remedy acts directly upon the Kidneys, Liver and Blood. In cases of Nervousness, Dyspepsia, Rheumatism, Ulcers, Old Sores, Blood Poisoning, Bright's Disease and Female Troubles it has made cures after all other treatments failed. It is sold for $1 00 a bottle at drug stores. A teaspoonful is a dose.

Sample Bottle Free! Send your full postoffice address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and **mention this paper**, and a sample bottle of **Favorite Remedy** will be sent free. Every sufferer can depend upon the **genuineness of this offer, and should send at once.**

ON THE TIP OF THE TONGUE

The black bass at the city's lakes must be up on the game laws and doubtless keep tab on the number of fish taken by fishermen and when the limit is nearly reached cause martyrdom for the day. The law states that no bass of less than ten inches shall be taken, and only twenty-four by one fisherman. The total number allowed any one party in a single boat is limited to thirty six.

Thus far this season twenty-four bass is the largest reported catch by local fishermen.

The law provides that pickerel and pike may be taken from May 1 to March 1. This means that the fishermen will be out on Monhagen Lake May 1 each year hereafter in quest of pike, while perhaps recollecting that bass must not be taken until June 15. There are no wall-eyed pike in the upper lake.

The owl in Jacob Gunther's is particularly fond of sparrows, and occasionally a young one flies into the place and is captured by some of the employes or regular frequenters and the owl has his treat. Tuesday one was caught and passed in to the owl's reach. He was delighted and took the sparrow's head in his bill with a snap. The sparrow "saw his finish," and when the owl let go to get a better hold he shot out of the cage and the back door to freedom at a speed which astonished the group gathered to see the owl feed. Much as the sparrow is hated the group were glad to see him escape the bill of the glutton owl.

The show at Midway Park, this week, doubtless gives great satisfaction but nothing affords the crowd more amusement than the efforts of the attendant to blow out the big hanging lamp when the song pictures are given. The lamp is kept burning at other times because the trolley's electric lighting system sometimes goes out and leaves the place in darkness. The lamp lowers from the ceiling just low enough for a tall man to blow it out, and hence Mr. Claffy has some difficulty in doing it. Every puff from the Claffy bellows which sends the flame hiding around the opposite side of the big burner sets the crowd to laughing, and encouraging remarks are shouted such as: "Now! altogether," followed by a chorus of "blows" enough to play a pipe organ, or "Blow, yourself, Jack?" or "Suck on it, and you'll get it on your side." When the lamp is finally extinguished applause greets the attendant and the crowd is ready for the man who says "he" is the only "team" having the right to etc.

Few people realize the long hours put in by shoemakers, journeymen tailors, Chinese laundrymen and reporters. The man who goes home late generally finds a reporter or two still lingering around meeting places, but the last man home never failed to find that the Chinamen were still open. The latter may close up occasionally, but the indications are all against that. Tailors, the men behind the guns, so to speak, are generally hard at work until 10:30 or 11 o'clock at night, and there is at least one shoemaker who works until nearly midnight and no one was ever known to open his doors on James street before John Heuing. The past few years' efforts for eight hours for laboring men make such men grin in silence. They might try for only twelve hours, but eight is a fairy's dream to them.

She climbed on a trolley car at Lake avenue with difficulty and when the car entered the West Main street switch she looked at the conductor on the approaching car and said:

"There comes ———. I'm not going to flirt with him."

Then the writer saw that the man approaching was in charge of the car on which she generally rides. When the car passed she looked straight ahead, but twice she looked back as the other car disappeared in the distance. She'll probably be on his car, to-morrow.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by a inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

GOVERNORS PRAISED

Cuban Press Speaks Well of American Rulers.

WOOD FOR A CABINET POSITION.

Havana Asylums Filled With Destitute Women Living on Government Rations—Crop Conditions Favorable Except in West.

HAVANA, June 29.—Within the last few weeks the newspapers of the island, with a few exceptions, have shown a remarkable change of front regarding the present governors of the provinces. The papers of Havana were formerly very antagonistic to Major General Ludlow. Now most of them have nothing but praise for his administration of the city. The Matanzas papers assert that their province has one of the best military governors in General Wilson. The press of Santa Clara regrets the departure of General Bates. Puerto Principe journals have frequently given full credit to General Carpenter, and as for Santiago, the merits of General Leonard Wood are the favorite theme of the local press there. Major General Lee continues to be, as he always has been, very popular with the Cubans of all classes, while there are very few who fail to recognize in Governor General Brooke one whom they call a "very safe man to do business with" and an administrator having the real interests of Cuba at heart.

Thirty widows of Cubans killed during the war, who have been living in the former Spanish cavalry barracks, were recently ordered to move in order to allow the work of repair to go on. They addressed a petition to General Ludlow asking him to authorize them to occupy some other building, of which there are many that might be used. General Ludlow has not yet answered their request, but the local papers urge the mayor and the other city officials to use their influence with the military governor with a view of providing shelter for these women, who have no homes. The city asylums are already full of women living on government rations.

In the province of Havana and the eastern parts of the province of Pinar del Rio crop conditions are now fairly satisfactory. The cane is looking especially well, while the rains, though neither general nor copious, are sufficient to keep the crops vigorous. In the central and extreme western portions of Pinar del Rio the drought continues, and many crops have been utterly ruined.

The local papers assert that Major General Wood has been offered by President McKinley a position in the cabinet as the head of the proposed new department of the colonies in the event of congress authorizing the department.

South African Loyalists Meet.

CAPE TOWN, June 29.—A meeting of 4,000 loyalists, under the presidency of the mayor of Cape Town, was held here last evening and adopted, with the greatest enthusiasm, resolutions supporting Sir Alfred Milner, governor of the colony and British high commissioner in South Africa, in his recent negotiations with President Kruger and thanking the Canadians and Australians for their offers of assistance. An immense overflow meeting was also held. The former, at which the Right Hon. Sir John Gordon Sprigg, former premier of the colony, and numerous other political leaders were present, was addressed by several Johannesburgers. Sir Gordon Sprigg also addressed the meeting, declaring that unless Sir Alfred Milner was absolutely supported there was danger that the Cape Colony would secede from the empire.

Chautauqua Assembly Opens.

CHAUTAUQUA, N. Y., June 29.—At 10 o'clock yesterday morning the Chautauqua chimes announced the formal opening of the twenty-fifth annual assembly. The opening exercises of the day were conducted by Bishop John H. Vincent. At 11 o'clock the Auditorium was comfortably filled with a fashionable audience to listen to a lecture upon "Juliet's Philosophy" by Miss M. E. Ford of New York city. In the afternoon there was a concert, followed by readings by the members of the Elocutionists' society. All indications point to a very successful season.

Coghlan Will Succeed Green.

WASHINGTON, June 29.—Captain Coghlan will go to Puget sound, after all, as commandant of the naval station at Bremerton. The original order was suspended owing to the discovery of the inability of the navy department to retire Captain Green, the present commander of the station, under the terms of the personnel act. Having already made arrangements to give up his command, however, Captain Green will turn it over to Captain Coghlan Aug. 1 next and come east.

Consolidated Joins Flour Trust.

SYRACUSE, June 29.—Joseph A. THE ALABAMA RIOTS.

Miners Still Refuse to Work and Are Carrying Arms.

BIRMINGHAM, Ala., June 29.—The deputies have the situation in hand at Cardiff and Blossburg, where the race riot occurred Tuesday, although the negro miners refuse to work and continue to carry arms.

Sheriff O'Brien says he has no right to disarm them, and, with few exceptions, they are prepared for any sort of trouble. An additional force of men has been placed on duty for fear of an outbreak during the night.

A coroner's jury held an inquest over the remains of Ellis and Adam Samuels yesterday. The physicians' sworn testimony was to the effect that both negroes were shot in the back. Ellis' body was pierced by 25 buckshot, and Samuels was killed with a rifle.

The postmaster at Blossburg testified that shortly before the killing he heard Ellis talking to a crowd of his comrades in regard to a speech made to them by the sheriff, who said that if the negroes would disarm they would be given protection. Ellis told them this was all a lie, and he declared he would not return to work until his Winchester had been emptied.

The jury came to a verdict that the negroes met death at the hands of an unknown mob or unknown parties. It is said among the negroes that the white men who did the shooting were secreted on the railroad track near the dirt road. A physician testified that the shooting was done at close range. The coroner, just in from Blossburg, says it is impossible to get at the guilty parties. He says that both sides are sullen, and he predicts further trouble.

The mines have almost closed down for want of laborers.

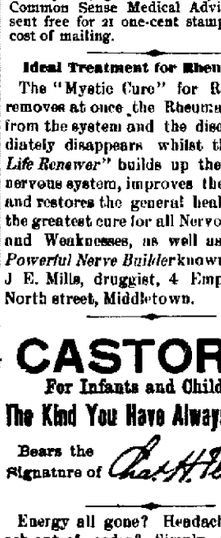
Buffalo Hunt In New York.

NEW YORK, June 29.—A buffalo cow which had showed an ugly temper for some time escaped from the paddock in Central park yesterday morning at 9:45 and led 23 policemen, five keepers and a great crowd an exciting chase lasting two hours. It spread terror along Fifty-ninth street from Fifth to Eighth avenue, and several persons narrowly escaped being run down by the heavy, compact beast, which was going at express speed. The animal was finally lassoed in the lake.

HELD CAPTIVE.



The most terrible captivity a woman can experience is to feel herself completely incapacitated for all womanly duties, bound hand and foot, as it were, by some nerve-racking, life-draining disease or weakness. In such a condition she cannot be a happy wife or mother; she cannot be an efficient housekeeper; she cannot be a woman at all in any complete or satisfactory sense.

"I was afflicted for seventeen months," writes Mrs. Elizabeth J. Bullard, of Winnie, Bladen Co., N. C., in a significant letter to Dr. R. V. Pierce, of Buffalo, N. Y. "I was confined to the house and yard all the time. I could not be on my feet but a very little. I could not lift the weight of a cup of coffee; and did not have strength to speak more than a few words at a time.

"We tried three doctors and a lot of patent medicine which cost over one hundred and twenty-five dollars; and I found no relief. I had lost all hope of ever getting any better when my friends advised me to take Dr. Pierce's medicine. My husband said we would try that next. He got me five bottles of 'Favorite Prescription' and three of 'Golden Medical Discovery.' I commenced taking these medicines and soon found relief. When I had taken one bottle of each I walked half a mile to church.

"I commenced taking it the first of January 1897; the first of the following June I took my cooking in hand and have cooked for eleven in family all through the summer. It was Dr. Pierce's medicine that gave me all the relief I have received. I recommend it to all suffering females, for it is his medicine and the help of God that has restored me."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book the Common Sense Medical Adviser will be sent free for 21 one-cent stamps, the bare cost of mailing.

MAY SUCCEED ALGER.

General Otis Summoned From Los Angeles to Washington.

WASHINGTON, June 29.—General Harrison Gray Otis of Los Angeles has been requested by the president to come to Washington to discuss with him the situation in the Philippines, where he served for many months with great credit to himself and his command, and he is expected to be here in a few days.

Of this there is no doubt whatever. It is admitted at the White House to be true.

In connection with this undisputed report there is another that General Otis will come here principally to consider a proposition to succeed General Russell A. Alger as secretary of war. As to this report the White House is dumb.

While it is considered highly probable that a new secretary of war may be needed immediately, it is the impression among those who have discussed the rumor from a war department standpoint that the president is not likely to select as secretary of war any officer who saw service last year. Some doubt is also expressed about the wisdom of choosing a soldier to be the secretary.

Many men who have followed the conduct of the war have asserted that a secretary with executive ability, even though he had next to no military knowledge, would be better than a soldier, particularly if he were a man of sufficient force of character to give direction to those who do understand soldiering, but who are not necessarily fitted thereby for executive business.

RIOTS IN BRUSSELS.

A Free Fight In the Chamber of Deputies.

BRUSSELS, June 29.—A disturbance occurred in the chamber of deputies yesterday when the order of the day of the Right was adopted, expressing confidence in the president of the house against the vote of the Socialists. The announcement of the vote was the signal for a general uproar, all the deputies rushing to the center of the floor, where a free fight took place. M. Guchtenaere, Catholic Labor member from Ghent, was badly beaten by Socialists.

Numerous crowded meetings were held last night to protest against the bill. Those who attended subsequently formed themselves into a monster procession and paraded the principal streets. When they arrived in front of the administrative offices of the government, the police drove them back. The troops and the civic guard were confined to barracks.

A Heavy Thunderbolt.

READING, Pa., June 29.—Just as a furious storm burst over this city at noon yesterday a vivid flash of lightning shot out from a low black cloud, and a sheet of flame descended in the southern suburbs, accompanied by a terrific thunderclap. It was like a cannon shot from the cloud. Fifteen track hands of the Pennsylvania railroad were at work on a high embankment. The thunderbolt seemed to explode just above them. Every man fell as if paralyzed. Half a dozen were hurled down the bank. William Simon, Adam Miller, Simon Seidel and John Thomas were badly burned, and their legs turned black and blue. Seidel was struck in the back and completely paralyzed. When picked up, blood flowed from his mouth. He is likely to die. Three men 50 yards away staggered and fell from the effects of the electric discharge.

Scolds Her Jaw Out of Joint.

NEW YORK, June 29.—Mrs. Mary Palitzo has been in the Harlem hospital seven times in the last six weeks for treatment for a dislocated jaw. Her husband, Frederick, is a cook, and they live in Harlem. Six weeks ago he appeared at Harlem hospital with his wife and told his story. "I was out last night," he said, while Mrs. Palitzo, who was speechless, glared at him, "and when I came home early this morning my wife began to scold me. She got to talking so fast that presently something snapped, and she found that she could not talk any more. I don't know what is the matter." Dr. Meassey examined the woman and found that the jaw had been dislocated. He coaxed it back into place. Since then she has been treated six times for a similar case.

Mrs. McKinley Improving.

WASHINGTON, June 29.—The condition of Mrs. McKinley continues favorable, and Dr. Rixey, after visiting her last night, reported the patient as better.

REFLECTIONS OF A BACHELOR.

The more a woman has her way the less her way is worth having.

Women fear death more than dying; men fear dying more than death.

Love has a thousand eyes and five hundred pairs of smoked glasses.

It is only those who die old that know how sweet it is to die young.

Women are probably so much happier than men because they have no wives.

The look on the average married woman's face ought to teach most people better.

The fewer faults a man really has, the more he is generally willing to let other people think he has.

When a woman marries a man because she pities him, other folks are apt to pity him because she marries him.

When a girl says that a man looks "sodistinguished," she generally means that his clothes fit him, only she doesn't know what is the matter.

The men always enjoy hearing two women talk about fashions, but the women never like to hear men talk politics, because they know there is something in it that they can't understand. —N. Y. Press.

THE RICH MAN.

It's easy enough to become a great financier if you have money for experiments.—Atchison Globe.

On life's highway everybody is not only willing but anxious to take the rich man's dust.—Little Falls Herald.

Perhaps Russell Sage believes that, in addition to the honor involved, one can avoid the crowd by dying rich.—Washington Post.

One victory of death is to make some rich men give up their money when the needs of countless human lives have failed.—Kansas City Star.

Uncle Russell Sage evidently means to practice what he preaches when he asserts that there is no dishonor involved in dying rich.—Cleveland Leader.

The Baron—"It is nothing but a shame that he should be so rich, the old scoundrel." The Count—"Especially when one takes into consideration his having no daughters."—Indianapolis Journal.

Cornelius Vanderbilt was once a constant smoker, but of late years has had to give up tobacco. "I find," he says, "that anyone can learn to do without it. It is at once the most expensive and the most unnecessary of habits."—Cleveland Plain Dealer.

FOR THE CYCLISTS.

Max Nordau, upon the completion of his lecture tour in Holland, will take a trip through Germany on his bicycle.

In the last 3¼ years bicycles to the value of $20,600,000 have been exported from the United States.

A rider going through Japan had dinner one night in Yokohama with the Unreliables—all fine, jolly fellows of British birth. Their name was a joke, for a rival cycling club of Americans was called the Reliables.

A New York policeman was ill and went to a physician. The doctor examined his tongue, questioned him as to his symptoms and told him he must get a wheel and take plenty of exercise. "Why, doctor," said the policeman, "I have plenty of exercise—I'm a bicycle cop."

Fraternity's Fling.

Claude—They say that Miss Justine is going into a convent.

Jack—Yes; she has promised to be a sister to so many of us that she is going to adopt it as a profession.—Cincinnati Enquirer.

A Real Financier.

"Slimpurse is a great financier."

"Financier?"

"Yes. He can make two silver quarters rattle in his pocket so you will think he has five or six dollars."—Columbus State Journal.

Clear Complexion

By far the great majority of diseases of the skin arise from impure or weak blood. Either the secretions have not operated rightly, and impure matter has passed into the blood, or the power of assimilation is feeble and the blood is weak. In either case use

BRANDRETH'S PILLS

They are the best complexion pills. After you have taken them a few nights, your skin will assume a wholesome, healthful color, your eye a brilliant lustre, and sallowness and pimples will disappear. They strengthen and fortify the whole system. They are made of well seasoned drugs, and kept for two years before selling. Sold throughout the world, both sugar-coated and plain.

THE NEW YORK WORLD

THRICE-A-WEEK EDITION.

Practically a Daily at the Price of a Weekly.

The striking and important events of the last year have established the overwhelming value of *The Thrice-a-Week World* to every reader. For an almost nominal sum it has kept its subscribers informed of the progress of all our wars, and, moreover, has reported them as promptly and fully as if it were a daily. With our interests still extending throughout the world, with our troops operating in the Philippines, and the great Presidential campaign, too, at hand, its value is further increased.

The motto of *The Thrice-a-Week World* is improvement. It strives each year to be better than it was the year before, and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper, not a daily, published in America.

We offer this unequaled newspaper and THE MERCURY together one year for $2.

The regular subscription price of the two papers is $2 50.
